

Jeremias Inchauspe

Buenos Aires, Argentina | Email: jinchauspe@udesa.edu.ar | LinkedIn: linkedin.com/in/jeremiasinchauspe

Current Positions

- March 2024 - present: Doctoral Researcher at the Center for Cognitive Neuroscience, Universidad de San Andres. Buenos Aires, Argentina.
- Current: Doctoral scholarship from the National Scientific and Technical Research Council (CONICET).
- March 2024 - present: Co-investigator on the project "An automated machine-learning approach to language changes in Alzheimer's disease and frontotemporal dementia in Latin American and English-speaking populations." Center for Cognitive Neuroscience, Universidad de San Andres.

Education

- March 2019 - February 2024: Licentiate Degree in Psychology. Faculty of Psychology and Psychopedagogy, Pontificia Universidad Catolica Argentina. GPA: 8.25/10.
- Thesis: "Retrospective and prospective time estimation and its relationship with anxiety and impulsivity in adults." Grade: 10/10.

Additional Training

- November 2024: Data Science for Mental Health and Psychology: Natural Language Processing, Causal Inference, and Speech Processing (20 hours). Instituto de Calculo, Universidad de Buenos Aires.
- July 2024: Computational Neuroscience (128 hours). Neuromatch Academy.
- June 2024: Brainhack School (160 hours). Instituto Humai.
- March 2023 - December 2023: Diploma in Neuroscience and Experimental Psychology (140 hours). Neurotransmitiendo.
- March 2023 - August 2023: Introduction to Computational Neuroscience (96 hours). School of Science and Technology, Universidad Nacional de San Martin.
- February 2023: Applied Data Science (36 hours). Instituto Humai.
- November 2022: Artificial Intelligence Applied to Psychology and Neuroscience (36 hours). Instituto Humai.
- November 2022: Data Analysis (30 hours). Instituto Humai.
- August 2022: Introduction to Python Programming (36 hours). Instituto Humai.
- March 2019 - December 2021: Advanced Research Training Program (240 hours). Pontificia Universidad Catolica Argentina.

Previous Research Experience

- August 2023 - March 2024: Research Intern on a machine-learning project on language changes in Alzheimer's disease and frontotemporal dementia.
- March 2023 - December 2023: Research Assistant under the supervision of Dr. Maria E. Brenlla on the project "Psychometric developments in intelligence and personality." Psychology and Psychopedagogy Research Center, Pontificia Universidad Catolica Argentina.

Peer-Reviewed Journal Publications

- Sterpin, L. F., Inchauspe, J., Serrano, C., Avendano, C., Ferrante, F. J., Perez, G., Munoz, E., Chana-Cuevas, P., Bocanegra, Y., Moreno, L., Amoroso, L., & Garcia, A. M. (under review). Refining episodic memory testing in Parkinson's disease: A natural language processing framework.
- Sterpin, L. F., Avendano, C., Inchauspe, J., Perez, G., Ferrante, F. J., Gattei, C. A., Abusamra, L., Sampedro, B., Abusamra, V., Amoroso, L., & Garcia, A. M. (2025). Digital language measures capture episodic memory disruptions in people with human immunodeficiency virus: A machine learning study. *The Clinical Neuropsychologist*. <https://doi.org/10.1080/13854046.2025.2545943>.
- Ponferrada, J., Inchauspe, J., Zimmerman, F., Garbulsky, G., Navajas, J., & Garcia, A. M. (2025). Divisive negative discourse biases social experience: a live experiment at a massive public event. *Humanities and Social Sciences Communications*, 12, 1273. <https://doi.org/10.1057/s41599-025-05652-8>. Co-first authorship.

Conference Posters and Abstracts

- Soto-Anari, M., Perez, G., Alcocer-Castro, M., Rivera-Fernandez, C., Sosa, A., Ferrante, F. J., Inchauspe, J., Caro, I., & Garcia, A. M. (2025). The impact of task demands on digital speech markers: Evidence from a Spanish-speaking Peruvian cohort. *Annual Alzheimer's Association International Conference Satellite Symposium*.
- Bruno, N., Prato, A., Rozenberg, N., D'Amelio, T., Cavanna, F., Piccinini, J. I., Muller, S., Inchauspe, J., Garcia Agüero, L., Pallavicini, C., Sitt, J., Valero Cabre, A., & Tagliazucchi, E. (2025). Multimodal assessment of the effects of methylphenidate on mind-wandering. *The 28th Annual Meeting of the Association for the Scientific Study of Consciousness*, Heraklion, Greece.
- Pratto, A., Bruno, N., Rozenberg, N., Inchauspe, J., D'Amelio, T., Piccinini, J. I., Cavanna, F., Pallavicini, C., Sitt, J., & Tagliazucchi, E. (2024). Influence of immersion levels on perceptual decoupling in mind-wandering episodes. *XXXIX Congreso Anual de la Sociedad Argentina de Neurociencias*.

- Inchauspe, J., Ponferrada, J., Zimmerman, F., Garbulsky, G., Navajas, J., & Garcia, A. M. (2024). Confrontational negative discourse biases social experience: A live experiment at a massive public event. I Congreso Argentino de Ciencias Cognitivas.
- Brenlla, M. E., Inchauspe, J., & Seivane, M. S. (2023). Assessment of time estimation in young adults from Buenos Aires and its relationship with trait anxiety. XV Congreso Internacional de Investigacion y Practica Profesional en Psicologia.

Teaching Experience

- February 2025 - present: Teaching Assistant, Introduction to Computational Thinking. Department of Engineering, Universidad de San Andres.
- June 2023 - December 2023: Teaching Assistant, Machine Learning course. Instituto Humai.

Additional Professional Experience

- September 2024 - December 2024: AI Developer, Instituto Humai. Designed and implemented a conversational assistant using large language models for educational and research contexts.

Programming and Languages

- Programming: Python.
- English: Cambridge ESOL Level 2 Certificate in ESOL International (C1). Current level: advanced.
